TERMS AND CONDITIONS

1. The terms of the sale are cash unless prior arrangements have been made.
2. Each animal will be sold to the highest bidder. The person in charge will settle any disputes as to bids, and his decision on such matters shall be final.
3. Any announcement from the seller on sale day will take precedence over printed material.
4. Health certificates will be furnished for shipment anywhere in the United States.
5. Each animal becomes buyer's risk as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for, free of charge to purchaser, until loaded for shipment or until the expiration of December 20th of the current year.
6. All claims for adjustment for bred females must be made before May 1st of the following year. All claims for adjustment for heifer calves must be made by September 1st of the following year.
7. Everyone attending this sale does so at their own risk. Owners, clerks or other helpers do not assume responsibility, legal or otherwise, for damages of any kind.
8. Delivery costs and scheduling shall be the sole responsibility of the buyer.
9. A certificate of registry and transfer shall be furnished for each registered bred female sold at a final bid price of \$1,200 or higher. A certificate of registry and transfer shall be furnished for each registered heifer calf sold at a final bid price of \$900 or higher. If final bid price is less than either of these amounts the cattle will be considered commercial. Certificates of registry may be purchased for the difference.
10. The above terms and conditions shall constitute a contract between the buyer and seller of each animal sold.

**These cattle do sell in accordance with the Sale Terms and Conditions
set forth by the Red Angus Association of America.**

BIG SKY ELITE Female Sale

Welcome to the Big Sky Elite Female Sale!

In the 2018 Red Angus auction season, one thing is certainly more apparent than ever – quality cattle are in great demand and lower quality cattle are hard to sell. In order to successfully sell bulls to the upper end market, you must invest in top-quality females with a solid pedigree, above-average performance and EPD numbers that are balanced and in the upper percentiles of the breed. The cattle offered in the Big Sky Elite Female Sale contain some of the highest quality Red Angus bred females that we will see this auction season. These females are offered in a large-volume format and will not only make an impact on your breeding program in the future but can generate high-end bulls and make replacement females with the calves they are carrying that are due in the spring of 2019. I encourage you to take a serious look at selecting and buying a trailer or potload if you are in the Red Angus bull selling business.

Like the quality in cattle, the people that stand behind them need to be top producers and industry leaders. The folks involved with the Big Sky Elite Female Sale represent three members that have served on the national Red Angus Association of America board (two still serving) and one past president. Leadership comes with commitment not only in serving the RAAA membership but also by producing some of the breed's best genetics. The four breeders involved have programs that combine and develop some of the best Red Angus genetics in the Red Angus world and, again, I highly encourage you to study this catalog and call with any questions you may have.

If you cannot attend the auction, please pre-register and bid on-line via DVAuction.com. I look forward to seeing you December 4th and 5th in Three Forks, Montana. If I can be of any assistance in your selections or help answer any questions, please don't hesitate to give me a call.

Best Regards,
Kyle Gilchrist

Get off I-90 at the Logan Exit, #283. Go north and take a left on the frontage road. Proceed west toward Three Forks, about 1/2 mile. Take a right onto Logan Trident Road, heading north. The road immediately crosses the Gallatin River and the railroad tracks, as shown on the map. Green Mountain Red Angus is 2 miles from the railroad tracks. Watch for the large Green Mountain Red Angus sign.

Bred to: **PIE ONE OF A KIND 352 (#1651711)**

Due Date: 3/10/19

C-T Linsey 0964 is one of our great Make Mimi cows from our powerful donor program. She is a 9-year-old cow with a very proven track record and a 104.4 MPPA. She has solid data to back her up with top 7% GM, 10 %WW, 12 % YW, 7% Marb. She has produced many top sellers including her 2015 herd bull, C-T Prime 5097, our high selling bull at the Feddes/C-T Production sale to Bauman Red Angus, ND. She has great feet and leg structure along with loads of volume in a medium frame. 0964 is due with a heifer calf to the exciting Pieper herd sire, PIE One Of A Kind 352, who may be one of the most proven Right Kind sons to date. This is a big time genetic match-up.

Bred to: **C-T DOMINATE 7067 (#3734645)**

Due Date: 2/15/19

This is a typical Feddes Big Sky R9 daughter. She carries a lot of volume, rib and length, a near-perfect udder, with excellent feet and legs on a medium frame. At 9 years old, she still carries a 102.5 MPPA and a 366-day calving interval. She looks like a young cow and should have a bright future. Don't miss this opportunity to purchase highly proven cows. There's not many Big Sky daughters left around the country and the semen is off the market. She is due in mid-February to C-T Dominate 7067 who topped the Feddes/C-T sale in 2018. He is a Domain son out of a Chateau 744 daughter with a 105.8 MPPA. He is one of the most exciting young sires in the breed.

Here's a top-notch Stetson x Peacemaker combination that will go into your herd ready to perform. She is the proud owner of the #14 MPPA in the GMRA herd at 105.7, with an average WR of 110. Her first calf was GMRA Crimson 7208 featured as Lot 2 in our 2018 bull sale. This year's calf will be going into the bull sale pen with the #2 WR of 108 bulls. There are generations of performance backing up this Lakota dam with all MPPAs over 102 going back four generations to the dam of GMRA Vermillion 796. The EPD profile is strong with 10 in the top 25% or higher and five of those at 4% or higher with an emphasis on growth and carcass. There is a phenotype to match the power, with a nice level udder, tons of depth and capacity and a smooth-shouldered, feminine front. GMRA will pay for parentage testing.

Just like cream, the "Starlette" cow line rises to the top again. Top 8% of the breed for BOTH HB and GM, top 4% WW and YW, top 7% ADG and top 18% REA. This deep cherry-red gal defines beauty with her easy-fleshing, high-performing, big-ribbed phenotype. Additionally, she has excellent feet and a picture-perfect udder. A dominant female from day one – she brings home an excellent calf every year!

WOW!!!! DONOR PROSPECT!!! This is Silver Bow's maternal granddam, still sporting a great udder. We have five daughters in our herd and another in the replacement pen. She has a 98 birth ratio, 108 WR, 105 YR, 106.6 MPPA and a 365-day calving interval. At 9 years old, she has HB, Milk, Stay, Marb, YG and REA EPDs in the top 6% of the breed and 10 traits in the top one third. We chose to flush her daughter (Y17, dam of Silver Bow and two other herd sires) instead of 9194. She is certainly flush quality. She is due with only her second bull calf to Dominate who looks to add more frame, depth and power than his sire. This is one very exciting mating.

9144 is a beautifully made daughter of Blockana 041, a powerful donor cow that sold to Wildcat Creek Ranch at 10 years old. 9144 has a near-perfect udder with lots of rib and a super clean front. We have an excellent daughter in our herd and sold a daughter in 2017 Big Sky Elite sale to Dan Reardon. Note she is bred to Dominate, one of the most exciting young sires of the Red Angus breed.

This Peacemaker daughter is already making a name for herself here at GMRA. She is posting a 103 MPPA on her first three calves, which is in the top 12% of the herd, with an average WR of 105 and below-average birth weights. Her first calf was GMRA Absolution 6201, who was Lot 2 in our 2017 bull sale, selling to Leland Red Angus for \$10,000. Absolution is now in rotation as one of our premiere AI sires. This year's bull calf looks to be a contender for one of the elite bulls again, with a WR of 110. There is also an impressive EPD package here with 10 in the top 20% of the breed or higher with an emphasis on growth and carcass.

GMRA Absolution 6201, son

Lot 10

lineage produced the Trilogy son, GMRA Tesla 6214, who is at stud with Select Sires. Angie Rose 9116 has been a standout here at GMRA, posting a 105 MPPA that places her in the top 8% of the herd. Her calves have an average WR and YR of 106. All heifers have been retained as replacements. This year's bull calf posted a 110 WR – she is still producing at the top of the herd! Six of her EPDs are in the top 15% of the breed or higher with an emphasis on growth.

Bred to: **GMRA TESLA 6214 (#3538390)**

Due Date: 4/18/19

This Laramie dam has had an absolutely outstanding career here at GMRA. She is the #3 MPPA cow in the herd with a 108.7 on 10 calves. Her calves post an average WR of 110 and an average YR of 106 and she has never weaned a calf under 101. Every female she has raised has been retained within the herd and all bull calves have gone on to the bull sale. Her HB ranks in the top 6%, boosted by a Stay in the top 1% and Milk in the top 3%. She is picture perfect with an outstanding phenotype and beautiful lines for an aged dam. Don't miss the opportunity to let her work in your herd!

Due Date: 3/15/19

This young Tina cow is a sure-fire Conquest daughter who happens to be a full-sister to C-T Quest 1103, the popular herd sire selling to 5L Red Angus. She has big-time volume and length along with a beautiful udder and feet. 4035 comes with a balanced set of EPDs and GM in the top 17%, 9% YG, REA 26%. Dam was the great C-T Tina 0972 cow selling to C Bar Red Angus, KS, with a 102.8 MPPA. This will be an exciting mating with PIE One Of A Kind 510, due with a heifer calf.

This one hurts us to sell. She is a natural daughter out of our famed P35 donor cow sired by Nexus (who's semen is getting very hard to come by). She has had three calves for us and has always brought home a good one. There is a lot of growth in this cow as reflected in her EPDs. You will not find a cow anywhere with a better temperament. If she was not calving in April you would not have this opportunity to take her home. She is bred to Loosli Manhattan who has done an outstanding job for us the last four years.

We just love the Make It Easy daughters in the herd and Juana 219 is a prime example of why we do. She posts an MPPA of 103 with an average WR and YR of 104. She is following in a long line of performance-minded females that feature MPPAs over 100 generationally, going back to 1993. She combines performance with a very consistent set of numbers featuring growth and carcass in the top one-third of the breed or higher.

The Starlettes are always shining. This gorgeous female represents her family well – outstanding structure; body type, feet and legs, and she looks just like her mama. The ONLY reason Starlette 7154 is offered is because she has a 2017 flush-mate sister staying at home. This gal boasts the top 1% HB, YW and ADG. Top 3% WW, top 6% GM and top 8% HPG and Stay. Her donor dam sports a 104 MPPA; and her paternal granddam boasts a 115 MPPA. GGP 50K tested and parentage verified; she is the "Real Deal." She is bred to PIE One of a Kind 352. Expect an extra fancy calf next spring.

Bred to: **FRITZ AMBUSH 12D (#3543988)**

Due Date: 2/13/19

We love these Captain 434 daughters. They are simply good-footed, good-uddered, quiet-natured, well-balanced, performance-minded, broody cattle. This female exemplifies those traits. With her pedigree and balanced set of numbers, you can expect her to be a problem-free, highly productive mama cow (both maternal and paternal granddams boast 104 MPPAs). GGP 50K tested.

Definitely one of the best New Direction females I have seen to date! No wonder when you check out her maternal lineage. This performance-minded cow family has impeccable feet and leg structure. You'll find Peace 7074 in the top 1% of the breed for CW, top 2% REA, top 4.5 and 6% respectively for YW, ADG and WW; top 15 GM, top 28 Marb and top 30% HB. Additionally, you have got to love that cherry red coat. GGP 50K tested.

This Estonia family member can follow her lineage back to the great BJR Estonia 9S-1210 who was one of the GMRA foundation cows. There is not an MPPA under 100, going back six generations in her maternal pedigree to a 1977-born dam. She weaned a 76# heifer with a 103 WR. An incredibly strong set of numbers have 11 ranked in the top 25% or higher.

There is a ton of performance behind this young Ophelia dam. She is backed up by seven generations of maternal power that have an average MPPA of 103.2. She raised an outstanding bull calf that turned in a 103 WR and is going into the bull pen. And just look at the EPD profile – 13 numbers in the top one-third of the breed or higher with a HB in the top 7%. Take her home and she will provide you with years of performance. Her dam is still in the herd at 15 years of age and has an MPPA of 102.

The Angie Rose cows coming from the Big Sky Elite sale always deliver. A direct daughter of the GMRA Angie Rose 944 cow that C-T and Klompier purchased in the first Big Sky Elite was purchased by Star G as a bred heifer in 2017 and has gone on to produce top-end bull calves and is headed into their donor program. This same Angie Rose lineage produced the Trilogy son, GMRA Tesla 6214, who is at stud with Select Sires. 630's dam is Lot 10 in this sale with an impressive MPPA of 105. 630 offers an incredibly solid number profile with eight in the top 25%. Declaration will complement those numbers, pushing growth into the top 5% or higher.

Top 1% of the breed for CW, top 2% YW and top 3% WW and ADG. This girl packs some power!!! Her first calf (a heifer out of Pie One Of A Kind 510) is absolutely gorgeous. She is long, clean fronted and a moderate-framed first-calf heifer. She stems from the great DKK Auburn cow family and the Feddes Sleek family! GGP 50K tested.

Bred to: **PIE ONE OF A KIND 510 (#3503311)**

Due Date: 4/15/19

Big volume with loads of style would describe 3109. She comes with a lot of muscle and a nice foot and leg set. These 5L Red Smoke daughters have been very productive calves and going back to the Power Surge bull will only enhance her maternal traits.

Yes, I missed getting her named properly. She is from our very prolific Lakina cow family. She's had two sons sell in our bull sale, and one awesome daughter in the herd that we flushed this spring. Her dam and granddam are two of my all-time favorite females at Feddes Red Angus. Take note of her top 16% HB, MILK 5%, CEM 9% and STAY 9%.

Here is a solid Trinity daughter with lots of cow power. She is out of a dam with an MPPA of 106.6, which ranks as #8 in the GMRA herd. Six generations of pedigrees average 104 and range all the way up to 113. Combine this with the powerful numbers on board and you have one of the strongest bred heifers in the offering. Eleven EPDs are in the top 26% of the breed or higher, emphasizing growth and carcass while maintaining birth numbers in the top half of the breed. This moderate yet powerfully deep-chested heifer will fit any program.

We are really excited about our 510 daughters, and E36 is no exception. She has a HB in the top 36%, CED 8%, BW 13%. These are the traits that have made Red Angus so popular. A good cow herd is the most important aspect of profitability on any ranch. Indy E262 (pictured by Lot 140) is a long, thick Independence son that should add pounds.

Due Date: 4/29/19

C61 goes back to C-T Big Chief and Larson Jessa who we purchased about 10 years ago. C61 has a daughter in this sale and another in our keeper heifers in 2018. We are really excited for the Front Row progeny, especially his daughters.

Red Angus heifers topped every weight class from 500 to 650 pounds at the 2018 Bighorn Classic Superior Livestock Sale in Sheridan, Wyoming.

No other cattle of any other breed are able to keep up with the kind of demand Red Angus heifers are bringing!

Red Angus is receiving a second-to-none endorsement by commercial cattle producers.

Red Angus mamas are the most-favored female in the beef industry!

10 Commercial Red Angus Cross heifers

These heifers are ranch raised or purchased from our neighbor Flikkema Farms. They have been sired by Feddes/C-T bulls and have been AI'd to C-T Red Rock 5033, then cleaned up with VGW Deluxe 782. They are nice sized heifers with great dispositions and will make a nice set of mother cows.
